- DC1 = ex stock
- DC3 = delivery within 15 working days ex works without surcharge on laminate price
- DC4 = delivery within 20 working days ex works with 25% surcharge on laminate price
- DC5 = proEnergyTec profiles, price conditions as colour delivery class, delivery within 30 working days
- DC6 = colours other than the profine colours on request

BiColor = DC4 geometry and colours available as standard
The base element colour is treated analogously to the “colour programme” for laminates on both sides according to inner colour.

Inside-laminated = DC4 geometry and colours available as standard.
Base element colours laminated on the inside only:
White or Cream (system-dependent).
Black brown or Olive brown when aluminium covers used on outside.

*Profiles are delivered with white protection foil without imprint.

Please note: Inside-laminated profiles on Black brown and Olive brown base element may be used only WITH aluminium covers!

Base element colour laminated both sides: see colour programme
Base element colour laminated on the outside only: White and Cream (system-dependent). Different base element colour in DC3 and DC4

-   = single-sided laminate
-   = laminate on both sides

Please order the foil colors with the following color code :

Exempel : Golden Oak_32

-   = 32
-   = 3232

Printed colours may not agree with the original. Subject to modifications without prior notice.
