

TROCAL®
That's my window.

proCoverTec –
protected *by* colour.

» A beautiful masterpiece of colour.

Natural earthy colours, sky blue, or conspicuous red! It is the windows that are decisive in lending your building that unique and unmistakable character. Besides size and shape, particularly the colour scheme and elegance of the materials play a vital role. For this reason, decide in favour of PVC-U windows with the unique proCoverTec finishing. An innovative surface technology that combines function, longevity, and aesthetics. The proCoverTec surface is extremely tight and homogeneous. It provides your window profiles with the optimal protection against dirt. The high level of UV protection preserves the visual appeal, and that without additional maintenance.

COLOUR.

Know your true colours!

On the outside, or full cover colour all round.

With our unique surface technology, your windows present the colour of your choice.

PROTECTION.

The perfect combination of protection and colour.

proCoverTec provides the maximum protection for your windows. Robust, colour stable, and dimensionally stable.

USER FRIENDLY.

Don't give dirt a chance. What is beautiful should stay beautiful.

On this unique finishing, unsightly dust and pollen have scarcely a chance. All that is needed are a sponge and water.

Window care was never so easy!

The perfect combination

»» Robust.

proCoverTec is the perfect combination of aesthetics and function.
proCoverTec makes sure that your windows look like new for years to come.
Dirt deposits are minimised on the profile surface. To clean:
All that is needed are a sponge and water.

»» Colour stability.

proCoverTec retains its colour stability, even under the effects of sun, wind,
and weather. The high level of UV protection preserves the visual appeal of
your window – for years to come!

»» Dimensional stability.

proCoverTec offers particular protection against the heat of the sun.
The window then retains its geometry and function.

n of protection and colour.

Dirt doesn't have a chance

Beautiful windows are a joy to see.

» Permanent protection with proCoverTec.

Thanks to this innovative surface technology, your windows retain their beauty even under extreme environmental effects. The proCoverTec surface has been designed to withstand even the most adverse weather conditions. Enjoy the ease of cleaning your windows and your cosy home. Only a soft sponge and water, and possibly a little neutral soap, are needed.
